

# Missin You Crazy

Russ

Yeah, I been thinking a lot yeah, yeah  
Yeah, yeah, come on Its been way too long  
Since I looked you in your eyes  
Riding round the town and staying out I don't wanna say goodbye  
Everything is so different now  
Your just what i'm missing now  
Why I know that I can't have you back, I guess I'm tripping now Sometimes I start missing you  
crazy  
Ain't nothing quite like you (yeah)  
Love like this keeps going and going  
I cannot forget you (no)  
Ohhhh, ohhhh, ohhhh, ohhhhh, ohhhhh  
Ohhhh, ohhhh, ohhhh, ohhhhh, ohhhhh  
Yeah yeah yeah  
Ride around town in a hoopty (uh)  
Way before I ever had a groupie (uh)  
Back when I used to wear the same five shirts  
Way before I ever had Gucci (uh)  
Way before I ever had a Rollie on  
Talking back when I dropped Corleone  
Picking up an eighth that my homie got  
Fucking in the car thats the only spot  
Back when I felt more free  
Back when I smoked more weed  
Back when I drove up and down 92 with a view of the moon and you in the passenger seat  
That was so good  
Now its all gone  
It is what it is cause we both moved on  
At least we  
Have memories  
And we also have this song (yeah)  
Its been way too long  
Since I looked you in your eyes  
Riding round the town and staying out I don't wanna say goodbye  
Everything is so different now  
Your just what i'm missing now  
Why I know that I can't have you back, I guess I'm tripping now Sometimes I start missing you  
crazy  
Ain't nothing quite like you (yeah)  
Love like this keeps going and going  
I cannot forget you (no)  
Ohhhh, ohhhh, ohhhh, ohhhhh, ohhhhh

Ohhhh, ohhhh, ohhhh, ohhhhh, ohhhhh Yeah, if you saw me now  
Would you recognize me or would you call me out?  
I know its been a while but I'm still me  
But honestly its been so long that i wouldn't be offended if you didn't even feel me  
There's a gap now  
Drinking enough to make us forget how we felt in the past now  
Everything moving so fast now  
Now, I miss things going slower  
I miss us being closer  
I mean I got a good thing but I feel like I don't even really know her  
This a new life  
I didn't do you right  
But I got a second chance to improve my appreciation  
I should take it  
I'm sorry that I ever got jadedIts been way too long  
Since I looked you in your eyes  
Riding round the town and staying out I don't wanna say goodbye  
Everything is so different now  
Your just what i'm missing now  
Why I know that I can't have you back, I guess I'm Tripping nowSometimes I start missing you  
crazy  
Ain't nothing quite like you (yeah)  
Love like this keeps going and going  
I cannot forget you (no)  
Ohhhh, ohhhh, ohhhh, ohhhhh, ohhhhh  
Ohhhh, ohhhh, ohhhh, ohhhhh, ohhhhh
