

# Intuition

## TNT

One fire  
A silent storm in every spirit  
Locked behind a lonely dream still aware  
When soldiers of fortune take your mind  
The heart is your kingdom  
Like magic when you find Intuition  
One decision  
Hold your heartbeat in your hand  
Intuition, one decision  
Let your dream command  
One answer  
The destiny of every moment  
Lost inside a hungry voice in the dark  
No evil illusions  
No empty prayer  
The heart is your kingdom  
So follow if you dare Intuition  
One decision  
Hold your heartbeat in your hand  
Intuition, one decision  
Hold your heartbeat in your hand(solo) When soldiers of fortune take your mind  
The heart is your kingdom  
Like magic when you find  
Intuition  
One decision  
Hold your heartbeat in your hand  
Intuition, one decision  
Let your dream command
