

# Paper Tigers With Teeth

## Face to Face

(Verse)

With the push and shove, that's how it's done,

Leave me

Better yet from the barrel of a gun

But it's needed(Pre-Chorus)

We can be everything

To everyone it seems like

This paper tiger's showing teeth

(Chorus)

Don't believe you'll fear it now

Don't be fooled by your own eyes

Well even death is on our side

Don't get more, we'll rise in time(Verse)

They can hear it rangle in the day

Leave me

Once a part of the hours getting break

Completed(Pre-Chorus)

We can be everything

To everyone it seems like

This paper tiger's showing teeth

(Chorus x3)

Don't believe you'll fear it now

Don't be fooled by your own eyes

Well even death is on our side

Don't get more, we'll rise in time
