

BAD DESIRE

Noah Gundersen

Woman, I can't please you
I'll only leave you
Sure as the night follows day
If you start to wonder
If your spell I'm under
Honey, you should run the other way Hold on, I'm comin' home
Givin' me a bad desire
Givin' me a bad desire, in my bones
I wanna see you tonight one last time
Go home and turn off the lights
And leave you alone, leave you alone
Woman, I've got nothin' to give you
Somethin' else is always on my mind
Little love drug needin'
You always make me feel
For a minute, nothin' here is wrong Hold on, I'm comin' home
Givin' me a bad desire
Givin' me a bad desire, in my bones
I wanna see you tonight one last time
Go home and turn off the lights
Leave you alone, leave you alone Yeh, ooh, yeh
I wanna see you tonight
One last time
Ya go home, turn off the lights
Leave you alone, leave you alone
Hold on, I'm comin' home
Givin' me a bad desire, in my bones
Can you hold on
I'm comin' home You're givin' me a bad desire
Givin' me a bad desire
Givin' me a bad desire, in my bones
I wanna see you tonight, one last time
