

18HUNNA (feat. Dave)

Headie One

18 hunna for the new rusty
4 and a half in the bando, profit oh-so lovely
16918 hunna for the new rusty
Man grab it and kick it like rugby
I was in the T house, head back dusty
Still waking up to nudes in country
Four and a half in the bando
Profit all so lovely
My little bro shitted out the pack and flushed it
Tell me how he could be so clumsy?
These bad b's coming to the niz
They don't really love me, but they love me
From qway, been doing up opps
See I swear man down more sales than Gumtree
If I get me that drop, it won't be nuttin' like humpty's
Back door bus, we could get dumpy
These opps can't never get comfy
Heart of a lion
Skenged up in the field cah I might buck me a python
Snakes in the grass I don't know who is preeing on my ting
Still got to keep money on my mindset
Losing weight all last year and I ain't ever been on no diet
(Shh-shh) Got (Shh) all bait
All now gang gotta keep that one quiet
Half asleep last night, I done a night shift
I couldn't even count those tenners and fivers
I was fifteen stepping, stressing out cab drivers
Skengs in the wiz no licence
I know fu-, I know full well where the 9 is
You can't talk about riding
18 hunna for the new rusty
Man grab it and kick it like rugby
I was in the T house, head back dusty
Still waking up to nudes in country
Four and a half in the bando
Profit all so lovely
My little bro shitted out the pack and flushed it

See I swear man down more sales than Gumtree

If I get me that drop, it won't be nuttin' like humpty's
Backdoor bus we can get dumpy
These opps can't never get comfy No composure
Still flip like Motorola
Diss me I'm phoning bro up
Hop into the oldest motor
My west ting want to leave me
But I told her I need three weeks notice
Don't listen to them they're loafers
We go beef with them man's olders
Olders, Hocus Pocus
Eyes all rolling back, got to tap that face like babes stay focused
We ain't ever had no
You see most of my G's got birded
That's why I've still got to watch for the vultures
Somalis I roll with, so it's akhi on the side like salt fish
Literally mans been trying to make history
But my little nigga in the ends and
he's still trying to turn man history
I've got twins in Leicester both trying to say they're into me
But they ain't getting no ring from me
That's pot noodles and Indomie
So, man just put dick in her belly
That girl got a big back like tellys
in two double 0 five Man's not ready
My Somali called Ali not Dele
That girl wasn't worthy of the bedroom
My brudda she got touched on the settee
Man came in heavy
You know what it is it's Dave and Headie18 hunna for the new rusty
