

Imagine That

Diamond Rio

What is the world comin' to
Where lovers can't believe
They got a love comin' true
Then they up and leave
Say they will when they won't
Say I do, then they don't
That ain't the way its gotta be with you and meImagine that
A love that lasts forever
Imagine that
For all the world to see
That, two people stay together
That way it outta be
Oooh, Imagine that
I don't intend to change the world
I couldn't if I tried
As long as I got you with me girl
I'll be satisfied
Let's do what we can
Mean what we say
And we'll just take it day by day
Cuz I wanna prove to everyone
That it can be doneImagine that
A love that lasts forever
Imagine that
For all the world to see
That, two people stay together
The way it outta be
Oooh, Imagine that
Do you believe in love enough to go the distance?
Do you believe in love enough to make a stand?
Do you believe enough to handle the resistance?
Cuz I believe we canImagine that
A love that lasts forever
Imagine that
For all the world to see
That, two people stay together
The way it oughta be
Oooh, Imagine thatOh, Imagine that
Imagine that
Oh, oh oh, Imagine that
Whoa, Imagine that
