

Testify (feat. Crowder)

Social Club Misfits

[Chorus: Crowder]

I was falling apart when Heaven rescued me
Recovered my heart, I want the world to see
I can testify, testify [Verse 1: Fern]
From the comforts of my home to a jail cell
Tried to break me down, but their plan failed
I remember like yesterday still clear as day
When I felt I had my whole future stripped away
Should've known better I failed to heed
Speeding through the lanes I was looking for the better me
Feeding my desires, ignoring my royal pedigree
Bloodline from the heavens still slept in a penitentiary
But I was meant for more, so when you say the words I've written touch you, it's the Lord
The pressure that I felt on me don't feel it anymore
You sent me healing from above, there's nothing realer than Your love

[Chorus: Crowder]

I was falling apart when Heaven rescued me
Recovered my heart, I want the world to see
I can testify, hm, I can testify, oh-oh
I gave Him my life, He gave it back to me
No longer the same, not who I used to be
I can testify, testify [Verse 2: Marty]
Does God still remember I'm here
I need same day delivery for some of my prayers
I close my eyes when my stress and anxiety flare
If it comes up like stairs
I know right on time my God will be there
So many blessings coming down I don't know what is real
I'm not scared
I just feel like I shouldn't be here
But I'm prepared, I got nothing to fear
This is God's plan young man and not a career
It's a calling
I'm all in
I'm done stalling
I'm done waiting for a better time to tell my story
I know there's power in His name
He reminds me who I am
Even tho I'm far from perfect it never stopped His plans

[Chorus: Crowder]

I was falling apart when Heaven rescued me
Recovered my heart, I want the world to see

I can testify, hm, I can testify, oh-oh
I gave Him my life, He gave it back to me
No longer the same, not who I used to be
I can testify, testify
I can testify, testify[Bridge: Crowder]
Jesus lifted me up from the grave
I'm singing Amazing Grace
This is my time to testify, I'ma testify
Jesus lifted me up from the grave
I'm singing Amazing Grace
This is my time to testify, I'ma testify (Uh yeah)[Chorus: Crowder]
I was falling apart when Heaven rescued me
Recovered my heart, I want the world to see
I can testify, hm, I can testify, oh-oh
I gave Him my life, He gave it back to me
No longer the same, not who I used to be
I can testify, testify, testify, testify (Uh yeah)
