

Let It Roll

Little Feat

Rollin' down highway ninety-five
Sailin' through her hometown countryside
Move on over stay inside
My cruise control's in overdrive
Need to take my baby home right
Ooooh she's like a smoothe stretch of highway
Ooooh like a cool summer's breeze
If my motors runnin' right, we might lose control tonight
Got the shape I love to squeeze, looks that bring me to my knees
Oh please, let it roll tonight
Might be doin more than fifty-five, sit my baby right down by my side
Where the rubber hit the road, this rig don't dig no overload
Come on, and let my baby ride
Ooooh she's like a smoothe stretch of highway
Ooooh like a cool summer breeze
If my motors runnin' right, we might lose control tonight
Got the shape I love to squeeze, looks that bring me to my knees
Oh please, let it roll tonight
Now I know just how heaven feels
When she reached beneath my big ol' steerin' wheel
Dyna flow, power drive
Bored and stroked, I'm satisfied
When I take my baby for a ride
Ooooh she's like a smoothe stretch of highway
Ooooh she's like a cool summer breeze
If my motors runnin' right, we might lose control tonight
Got the shape I love to squeeze, looks that bring me to my knees
Oh please, let it roll tonight
