

# How Late, How Long

## The Sheepdogs

How late how long  
Singing your song  
Stormy weather  
When we're together  
X2 ()And when I'm by myself  
That's when I think of no one else  
Why don't you keep to your  
Baby why don't you keep to your own  
And when stay up late  
I say to myself well you're not so great  
Why don't you keep to your own  
Baby when don't you keep to my own And when I think things through  
I hear a voice in the dark that just don't ring true  
Why don't you keep to your  
Baby why don't you keep to your own  
And when I stay out late  
I say to myself well you're not so great  
Why don't you keep to your  
Baby why don't you keep to your own
