

# Devour (Live Acoustic from Kansas City)

## Shinedown

Take it and take it and take it  
and take it and take it all  
Take it and take it and take it  
until you take us all  
Smash it and crash it  
and thrash it and trash it They're only toys  
Try it you'll like it don't hide it  
don't fight it, just let it out  
Steal and shoot it and kill it  
or take another route  
Take it and take it and take it  
You know they're only toys  
Devour Devour  
Suffocate your own empire  
Devour Devour  
It's your final hour  
Devour Devour  
Stolen like a foreign soul  
Devour Devour What a way to go  
You want it you want it you want it  
Well here it is  
Everything everything everything  
Isn't so primitive  
Take it and take it and take it  
and take it and take it all  
Nobody nobody wants to feel like this Nobody nobody wants to live like this  
Nobody nobody wants a war like this  
Devour Devour  
Suffocate your own empire  
Devour Devour It's your final hour  
Devour Devour  
Stolen like a foreign soul  
Devour Devour  
What a way to go  
What a way to go  
Diving down  
Round and round diving down  
round and round  
Devour Devour  
Suffocate your own empire  
Devour Devour  
It's your final hour

Devour Devour  
Stolen like a foreign soul  
Devour Devour  
What a way to go  
Devour Devour  
Suffocate your own empire  
Devour Devour  
It's your final hour  
Devour Devour  
Stolen like a foreign soul  
Devour Devour  
What a way to go  
What a way to go
