

Sangria Wine

[Jerry Jeff Walker](#)

My friends come over Saturday night
Man its nice to make up some sangria wine
Its organic and it comes from the vine
Its also legal and it gets you so high And I love that sangria wine
Love to drink it with old friends of mine
Yeah I love to get drunk with friends of mine
When we're drinkin' that ole' sangria wine Whoooah I love sangria wine
Whoooah I love sangria wine Start with some wine
Add some apples and brandy and some sugar some spice
Ole friends always show up on time
That's why you add (?) in burgundy wine
I love ole sangria wine
When I drink it with ole friends of mine
Yeah I love to drink with ole friends of mine
When we get drunk on that sangria wine Whoooah I love sangria wine
Whoooah I love sangria wine In Texas on a Saturday night
Everclear is added to the wine sometimes
Nachos, burritos, and tacos who knows
How it usually goes, it goes Whoooah I love sangria wine
Whoooah I love sangria wine Yeah I love that sangria wine
Just like I love ole friends of mine
They tell the truth when they're mixed with the wine
That's why I love the lemons and lime
I love that sangria wine
Love to drink it with ole friends of mine
Yeah I love to drink with friends of mine
When we get drunk on that sangria wine Whoooah I love sangria wine
Whoooah I love sangria wine
Whoooah I love sangria wine
Whoooah I love sangria wine
