

Nothing On You (feat. Paulo Londra & Dave)

Ed Sheeran

I feel it, can you feel it tonight?
I feel the fire between you and I
I mean it, don't you turn off a light Though I don't wanna leave you ever, no
She was like "Dang
Boy, I never took you for a one night stand
So don't make plans
For nothing but me and a lil' romance," hey
You and I, Whiskey on ice
Maybe later we can turn down all the lights
So keep 'em on with nothing on
Ooh-my-my-my
I was rolling up something with you
Kickin' back in a way that we do
I got everything I need in this room
Smoke clouds and a scent of perfume
Know my friends are in the club
And they keep ringin' my phone (Brrt)
But they ain't got nothing on you (Uh, uh)
And you ain't got nothing on you (Londra con flow) Mami, suelo acobardarme pero hoy tomo
alcohol, uh
Quiero comentarle que no sé que pasó, uh
Desde que salimo' por la tarde los dos
A besarnos los dos, hasta hacer el amor
Ahora tengo tu olor, ven a la habitación
Lo que hacemos los dos, no se puede igualar
Parecemos ficción, cuando entramos en acción
Esta peli de amor, no se acabar, yeah
Pero lo que mata
Es que esta noche no' vemo', y en mi casa
Y sé lo que te gusta y te atrapa
Que te diga que no te voy a soltar
I was rolling up something with you
Kickin' back in a way that we do
I got everything I need in this room
Smoke clouds and a scent of perfume
Know my friends are in the club
And they keep ringin' my phone (Brrt)
But they ain't got nothing on you
And you ain't got nothing on you Yuh! Take the lead, follow me, what's it gonna be?
How you playin' hard to get when you hollered me?
I take Chanel to Chanel for a shopping spree
Home girl, only right she in a proper tee

What I want and need, you and a sofa
I fly in a spaceship, I got a Land Rover
Casa Cruz, Casa Blanca, Casanova
I'm a fashionista, she a Fashion Nova
Under my persona, when had her over
The outfit, it cost bread, I got the match in loafers
Why? 'Cause that's suttin' to do
I got a million and two but they're nothin' on you, nah I was rolling up something with you
Kickin' back in a way that we do
I got everything I need in this room
Smoke clouds and a scent of perfume
Know my friends are in the club
And they keep ringin' my phone (Brrt)
But they ain't got nothing on you
And you ain't got nothing on you She was like "Dang
Boy, I never took you for a one night stand"
She was like "Dang
Boy, I never took you for a one night stand"
Want to be your man?
"Boy, I never took you for a one night stand"
She was like "Dang
And you ain't got nothing on you"
