

Digits

Young Thug

Thugger! YSL for life
We ran up them digits we ran up some money
We ran up them digits we ran up some money
We ran up some digits. Nigga, hustlers don't stop, they keep going
You can lose your life but it gon' keep going
Why not risk life when it's gon' keep going?
When you die somebody else was born
But at least we got to say we... We ran up them digits we ran up that money
We ran up them digits we ran up that money
We ran up them digits we ran up that money
We ran up them digits we ran up some money
We ran up them digits we ran up some money
We ran up them digits we ran up some money
I'm living like I'm on a 5th of the Henny
I talk lots of shit like my bitches and digits
They didn't know me well so I left 'em with you
You know it's that drop when you bright and can't flip it
I'm livin' big, I swear to God I'm Liu Kang kickin'
Montana
Mama gon' slime, hustle
Dopeboy, hair grey like a grandma
You know my ice blingin', light up just like a candle
Rollie pollie, I can control shawty like a channel
My racks are squeakin', I'm not fartin'
I hop in that 'Rari, I crank up like Warren Nigga, hustlers don't stop, they keep going
You can lose your life but it's gon' keep going
Why not risk life when it's got keep going?
When you die somebody else was born

We ran up them digits we ran up some money
We ran up them digits we ran up some money I'm a move me some dope like I'm Future
