

You're the One (Blood Orange Remix)

Charli XCX

Dancing in the darkness
Pink and lillac
Keep the soul loose
Cristals on the skyline
Cut the midnight
Alterable lift
You're the one that can make me stay
You're the only one who makes me feel this way
You're the one that's been stealing stars
Your golden arrow went through my eye
You're the one that can turn the ?age
You're the one that gave me light in another gage
Now I'm dancing in the tide
Fly me through the black night
You're the angel in the new light
Running through the thunder
I need to cover, so for low, low
You're the one that can make me stay
You're the only one who makes me feel this way
You're the one that's been stealing stars
Your golden arrow went through my eye
You're the one that can turn the page
You're the one that gave me light in another gage
Now I'm dancing in the tide
You're the one that can make me stay
You're the only one who makes me feel this way
You're the one that's been stealing stars
Your golden arrow went through my eye
You're the one that can turn the ?age
You're the one that gave me light in another gage
Now I'm dancing in the tide
You're the one that can make me stay
You're the only one who makes me feel this way
You're the one that's been stealing stars
Your golden arrow went through my eye
You're the one that can turn the page
You're the one that gave me light in another gage
Now I'm dancing in the tide
Yeah I'm dancing in the darkness
Three years before I was feeling so heartless
But your bright shined through
Now I'm drinking love ?otion
On my late nights too (?)
It's a criminal feeling
Happiness cries and the tears are dreaming
My body is screaming
I'm staying right here
No I'll never be leaving
