

Show Me

Seal

La

La

La la la-la la-la Different kinds of people

Different kinds of life

We go walking towards the future

With different size strides Show me the way to solve your sorrows

And I'll do what I can

'Cause we have the experience

If we plan

Baby, we can see that close

Show me the way to solve your problems and I'll be there

Show me the way, and I'll do what I can

What can I say, oh, lately, what can I do?

I just can't stand losing Welcome to the new world

Let me join your hand

We go walking through the old world

With a brand new plan all over

God only knows how much I love you

Give me a chance, and I'll show the faith all over

You will understand, lady

If you change your mind

Baby, only I know what you need

Show me the way to solve your problems and I'll be there

Show me the way and I'll do all I can

What can I say, oh lady, what can I do? (no, I can't stand)

I just can't stand losing you

Don't mean to take up your time, baby

I won't be stomping on your life

I only wanted to make you see

Oh, that you

Only you know what I need

Then maybe I can take you higher

Then maybe I can stop those tears

I can stop those tears

Oh, with you Sha da da-da da Show me the way to solve your problems and I'll be there

Show me the way and I'll do what I can

What can I say, oh, lady, what can I do?

I just can't stand losing

Show me the way to solve your problems and I'll be there

Show me the way and I'll do what I can

What can I say, oh, lately, what can I do? (no, I can't stand)

I just can't stand losing you

Losing you Show me the way to solve your problems, and I'll be there
Show me the way to solve your problems, and I'll call you
Just show me the way to solve your problems, and I'll be there
Show me the way to solve I'll call you
