## The Cadillac Three

I got my boots laced on with my guitar strings  
Every step I take I'm nothing but a saint (way down south, don't ya know)  
Callin' me home like a deer camp fall  
I ain't found nothing better anywhere I've gone  
Back down south don't ya know  
The girls just got that Tennessee Mojo  
Kiss my mouth, let the whiskey flow  
Gonna hang my hat when I get back home  
The one sweet thing that I miss the most...  
Oh, Tennessee Mojo  
Well the sun shines brighter than the golden sand  
All the pretty ladies wanna hold my hand (way down south, don't ya know)  
Yeah, the cowboys smoke 'em, that's what my kinfolk say  
I work all night just to sleep all day  
Back down south don't ya know  
The girls just got that Tennessee Mojo  
Kiss my mouth, let the whiskey flow  
Gonna hang my hat when I get back home  
The one sweet thing that I miss the most...  
Oh, Tennessee Mojo  
Back down south don't ya know  
The girls just got that Tennessee Mojo  
Kiss my mouth, let the whiskey flow  
Gonna hang my hat when I get back home  
Back down south don't ya know  
The girls just got that Tennessee Mojo  
Kiss my mouth, let the whiskey flow  
Gonna hang my hat when I get back home  
The one sweet thing that I miss the most...  
The one sweet thing that I miss the most...  
Tennessee Mojo
