

Tell Me (feat. Jevon Doe)

PJ

Won't you make me feel good?
Won't you tell me you love me?
Could you write it on my sleeves?
Won't you tell me you love me?
It's more than just the words, give me what I need
Listen, I'll be on my guard 'til you show me you love me
Put my hair up, course you would notice
Is this long term? I need to know this
Hold you got me, won't you tell me now
This all gon' stop unless you tell me now
Why don't you pick up a couple roses like the soaps do?
Why don't you make me feel special because you chose to?
Why don't you love me like I want, just like you s'posed to?
And if I'm good enough to be someone you close to...
Won't you make me feel good?
Won't you tell me you love me?
Could you write it on my sleeves?
Won't you tell me you love me?
It's more than just the words, give me what I need
Listen, I'll be on my guard 'til you show me you love me
These games you play are getting older
I've always been your extra shoulder
For you to cry on, why don't you tell me now
Say what's real, why don't you show me now
Cause if you never understand me like you s'posed to
What type of angel got a halo and her horns to?
Why don't you love me like I want, just like you s'posed to?
And if I'm good enough to be someone you close to...
[Hook: PJ (
Won't you make me feel good?
Won't you tell me you love me?
Could you write it on my sleeves?
Won't you tell me you love me?
It's more than just the words, give me what I need
Listen, I'll be on my guard 'til you show me you love me
(I got it, I got it, I got it, hold up) See I know, how to talk about it, don't show it much
Girl I know, we both fell in love in the span of months
Girl I don't want these issues to keep controlling us
Ayy, we both believe in love but we ain't got no trust, man
Looking back at those roses now, I'm taking time to get a smell of it
Looking back at my choices now, I'm trying not to just dwell on it
I am human like Steve Harvey, baby girl I'mma make mistakes
Can not get in touch with me hardly, please don't go and get my love replaced

Baby girl don't lose the faith, I swear it all comes in time
I been trying to balance love and music, I swear it's all in my mind
Telling me I need to step it up, I'm tryna find a way to climb
Ain't tryna lose you, you be on the phone with me while you cryin', talkin' 'bout... Won't you
make me feel good?
Won't you tell me you love me?
Could you write it on my sleeves?
Won't you tell me you love me?
It's more than just the words, give me what I need
Listen, I'll be on my guard 'til you show me you love me
