

# Dark Center of the Universe

## Modest Mouse

I might disintegrate into the thin air if you'd like  
I'm not the dark center of the universe like you thought  
And I might disintegrate into the thin air if you'd like  
And I'm not the dark center of the universe like you thought Well it took a lot of work to be the  
ass that I am  
And I'm really damn sure that anyone can  
Equally, easily fuck you over Well, God said something but he didn't mean it  
Everyone's life ends, but no one ever completes it  
Dry or wet, ice never melts and you're equally cheated Well, it took a lot of work to be the ass  
that I am  
And I'm really damn sure that anyone can  
Equally, easily fuck you over Well, an endless ocean landing on an endless desert  
Well, it's funny as hell, but no one laughs when they get there  
If you can't see the thin air then why the hell should you care?  
Well, it took a lot of work to be the ass that I am  
And I'm really damn sure that anyone can  
Equally, easily fuck you over Well, I'm sure you'd tell me you've got nothing to say  
But our voices shook hands the other day  
If you can't see the thin air, what the hell is in the way? I might disintegrate into the thin air if  
you'd like  
And I'm not the dark center of the universe like you thought Well it took a lot of work to be the  
ass that I am  
And I'm really damn sure that anyone can  
Equally, easily fuck you over Well an endless ocean landing on an endless desert  
Well it's funny as hell, but no one laughs when they get there  
If you can't see the thin air then why the hell should you care? Well it took a lot of work to be  
the ass that I am  
And I'm really damn sure that anyone can  
Equally, easily fuck you over  
Well God said something but he didn't mean it  
Everyone's life ends but no one ever completes it  
Dry or wet, ice never melts and you're equally cheated Well it took a lot of work to be the ass  
that I am  
And I'm really damn sure that anyone can  
Equally, easily fuck you over Well I'm sure you'll tell me you've got nothing to say  
And our voices shook hands the other day  
If you can't see the thin air then what the hell is in your way?
