[Tony Momrelle](#)

I may not here for party  
I may no here fot build a floor but it's alright  
(cause I 'm gon' it soon)  
I may not be where I want in life  
but all know, yeah, it's alright  
(keep on making room)  
My circumstance will change from time to time  
And I' ve learned how to dance in the rain  
and though this little hold up  
I've got this pice of mind to know that  
you'll pick me uo, oh baby  
when times I feel I can't do it, you. see me through it.  
that's ehat you do.  
woman, you pick me up when all' s crazy  
shen I wanna trip I wear smile and Keep my cool  
'Cause I got you, oh you.when I've been beaten up from the top  
you reach out and turn me around.  
Yeah, you' are alright (Got me going string)  
we'll keep on focus within the frames  
'Cause this picture. the pain and  
It' alright.(Maybe there' s nothing wring)There' s nothing we can' t handle.  
A miracle' s. just around the corne now.  
And if we don' t we get back all the seattle  
We' ll find a way again, somehow.  
'Cause I know that you pick me up, oh baby  
When times I feel I can' t do it, (no no)  
you see me through it. That' s what you di.  
Woman, you pick me up when all' s crazy
