

# My Heart is Yours

Didrik Solli-Tangen

You are like a sunset  
Behind the mountain  
Somewhere  
And when  
I cannot see you  
I know You're  
still here Because my heart is yours  
I'll never leave you  
Though we are far apart  
I'm by your side  
My love is never gone  
I feel it rise again  
Through it all  
Now my heart is yours  
You say  
I am the moonlight  
I watch you, at night  
And when  
You cannot see me  
I'm still there  
In the sky Because my heart is yours  
I'll never leave you  
Though we are far apart  
I'm by your side  
My love is never gone  
I feel it rise again  
Through it all  
Now my heart is yours  
Because my heart is yours  
I'll never leave you  
Though we are far apart  
I'm by your side  
My love is never gone  
I feel it rise again  
Through it all  
Now my heart is yours
