

Big Cheese

Nirvana

Big cheese, make me
Mine says go to the office
Big cheese, make me
Mine says one that stays Black is black, straight back
Need more enemies
Show you all what a man is
Need more enemies Big lies, make my
Mine says go to the office
Big cheese, make me
Message?
What is it?
Black is black, straight back
Need more enemies
She is glue, how are you? Big cheese, make me
Mine says go to the office
Big cheese, make me
Message?
What is it? Black is black, straight back
Need more enemies
She is glue, how are you?
Black is black, straight back
Need more enemies
Sure you are, but what am I?
Need more enemies
She is glue, how are you?
Need more enemies
Sure you are, but what am I?
