

I'm on the lean for real That bad loaded yeah got it out the top  
Nickelodeon, yeah  
Way I got that slime  
The Dream Mode  
Tatts showing  
My teeth  
Keep it tucked like a tee  
Shout out Midnight, NineTrust, trust  
Know I can't dap you up  
Yeah you super sus  
Better get used to us,  
Had to get Super Saiyan  
Had to go bird's eye view  
You's a computer game GTA  
Look at us run the streets  
Give us this fuckin' food  
This is a fuckin' feast  
Man, I ain't throwing peace  
I just throw up the V  
Drinks spillin' on my shoe  
Lean spillin' on my seats  
Niggas is talkin' greazy  
Please, freeze I'm on the beans for the real  
I'm on the lean for real  
I'm on the beans for the real  
I'm on the lean for real  
I'm on the beans for the real  
I'm on the lean for real  
I'm on the beans for the real  
I'm on the lean for real  
I'm on the beans for the real  
I'm on the lean for real  
I'm on the beans for the real  
I'm on the lean for real
