

# The Deal

## Sick Of It All

You're always screaming about unity  
being open minded and honesty  
What you might say will some people believe  
but i really doubt your sincerity If we really want this deal to work out,  
we all got to rise above, we've got to stop  
these petty arguments, don't you think it's time to cut the shit out You're always screaming about  
unity  
being open minded and honesty  
If we really want it, we all gotta try  
stop takin' behind eachother's backs  
and spreading a bunch of lies  
I ain't saying that i got a master plan  
I ain't telling you to go out and hold eachother's hands  
just saying that we're tired of hearing your shit  
and if you don't mean what you say then don't say it
