## The Fall of Troy

Waiting on my confidence, to feel the knife run through. Tear you down and leave you here.

Cast your fears aside...

She was nothing more than a game to me anyway. Call out!

With the little bit of confidence you let shift.

Shot Down!

Isn't it a shame that you have nothing left? Tear you down and leave you here.

Cast your fears aside...

She was nothing more than a game to me anyway. Last call!

You don't have to go home but, you can't stay here.

Man down!

Everyone you pull down with you I just can't ever forgive you.

Pencil you in, just to erase you.

I've got a bad taste in my mouth, thanks to you...

Company calls aren't fine I don't see any reason they could possibly be.

Are you alarmed?

Please stay calm, I'm walking away, I don't think you should come!!!
