

Out of Love (feat. Whitney Phillips)

INDIA

We're not connecting quite like we used to
Gave it our best lord knows we tried
Fire to smoke can't even see you, no
We haven't cared enough to realize Now we're gonna part, all that we had is gone
Lay in the gavel feelin' alone
Our waves are fading, stuck in our comfort zone
Let's flip the switch so we can move it on We've been running out here for a long time
Let's just make the most of what's left tonight
Can you bring your body closer to mine
It's all out of love
Out of love
It's out of love
Out of love
It's all out of love Give me the motion don't get emotional
Forget who we were that's in the past
And it's not the worst thing that we're falling (Out of love)
Maybe it's what we need to make it back We've been running out here for a long time
Let's just make the most of what's left tonight
Can you bring your body closer to mine
It's all out of love Out of love
It's out of love
Out of love
It's all out of love
I know you know we're running
Out of love
Who knows maybe we'll make it back
Out of love
Let's be here in this moment
Out of love, out of love
Out of love I know you know we're running
Out of love
Who knows maybe we'll make it back
Out of love
Let's be here in this moment
Out of love
Out of love
Out of love
It's all out of love Out of love
It's out of love
Out of love
It's all out of love It's all out of love We've been running out here for a long time
Let's just make the most of what's left tonight

Can you bring your body closer to mine
It's all out of love
