## Wait for Me

## **Theory of a Deadman**

You are not alone tonight Imagine me there by your side It's so hard to be here so far away from you I'm counting the days till I'm finally done I'm counting them down, yeah, one by one It feels like forever till I return to you But it helps me on those lonely nights It's that one thing that keeps me aliveKnowing that you wait for me Ever so patiently No one else knows the feeling inside We hang up the phone without saying goodnight Because it's the sound of your voice that brings me home It's never been easy to say But it's easier when I've gone awayKnowing that you wait for me Ever so patiently Yeah, you're everything I've ever dreamed of having and It's everything I need from you just knowing that you wait for meWhat I'd give What I'd do Knowing I'm not there for you Makes it so hard to leave What I'd give What I'd do Anything to get me home to you And this time I'll stay And you wait for me Ever so patiently Yeah, you're everything I've ever dreamed of having and It's everything I need from you just knowing that you wait for me
