

I Want Someone Badly

Jeff Buckley

now i want someone badly
got a girl here tonight
wants someone new
someone new
a little cry wants someone badly
i wanna know if this is a bad lease on mei want to know
i want to know
am i sure that i heard you right
i want to know
if you're leaving just do it tonight
now i want someone badly
to burn in here with me
but listen baby
'cause i cry all over madly
don't do anything do it for/with me
ooh i wanna know
am i sure that i have your love
i wanna know
if you're leaving just make sure it's rightnow i want someone badly
could it be true
that someone is you
