

# I'd Rather Go Blind

Beth Hart & Joe Bonamassa

Something told me that it was over, baby, yeah  
When I saw you  
When I saw you and that girl  
And y'all was talkingSomething deep down  
Something deep down in my soul said  
"Go on, go on and cry, girl"  
When I saw you, when I saw you with that same person  
And y'all was walking aroundAnd I'd rather  
I'd rather be a blind girl, baby, yeah, yeah  
Than to see you walk away, walk away from me, baby  
Don't leave me, I don't wanna see you go  
'Cause you see, I love you so much  
And I don't wanna watch you leave me  
Don't wanna watch you leave me, baby  
And another thing is, one more thing is  
I just don't, I just don't wanna be free  
Scared to be by myselfI was just, I was just sitting here thinking  
About your sweet kiss and your, your warm embrace  
Hmm, your warm embrace  
Hmm, yo, yo, warm, warm embraceWhen I look down in the glass that I held to my lips  
And I saw the reflection of the tears rolling down my face  
That's when I knew I love you and I couldn't do without you  
And I'd rather be a blind girlBaby, baby, baby, baby, baby  
Baby, baby, babe, no, babe, oh, oh  
Oh babe, all day sitting up  
Sitting up thinking about you  
Myself, I don't wanna see you leave  
Please don't go  
Oh, babe, no, babe, oh, babe  
I'd rather be a blind girlSomething told me that it was over, baby  
When I saw you  
When I saw you and that girl  
And y'all was talkingSomething deep down in my soul said  
"Go on, go on and cry, girl"  
When I saw you, when I saw you and that girl  
And y'all was walking byAnd I'd rather go blind, I'd rather go blind  
I'd rather go blind, babe  
Than to see you walk away, walk away  
Don't walk away 'cause I'd rather go blind
