Zero

Chris Brown

I thought we were great You took your love back and ran us off track I counted all the days

'Til you would come back, how stupid was thatNow you're missing what we used to have
Guess the vodka brought the feeling back

I was caught up in the aftermathBut now... if you really wanna know Ask how many nights I've been thinking of you...

zero, zero

Gave a hundred percent but all I got from you...

zero, zero

I thought you were the one (ayee), then you turn and run (ayee)
Found somebody better, like I never met ya
Ask how many nights I've been thinking of you...

zero, zero

(Zero, zero, zero,

Go out, free our minds

Like you never would, never understoodNow you're missing what we used to have You went creeping around my Instagram

I was caught up in the aftermathBut now... If you really wanna know Ask how many nights I've been thinking of you...

zero, zero

Gave a hundred percent but all I got from you...

zero, zero

I thought you were the one (ayee), then you turn and run (ayee)
Found somebody better, like I never met ya
Ask how many nights I've been thinking of you...

zero, zero

(Zero, zero, zero,

Zeros, zero

Calling me up cause your bank check bounced My new chick one hundred, and she got her own dinero

Zeros

You think I'm thinking about your ass? Ask how many nights I've been thinking of you...

zero, zero

Gave a hundred percent but all I got from you...

zero, zero

I thought you were the one (ayee), then you turned around (ayee) Found somebody better, like I never met ya (oooo yeah)

Ask how many nights I've been thinking of you... zero, zero

(Zero, zero, zero, zero, zero, zero, zero, zero, zero, zero, zero)

That's how many fucks I give
(Zero, zero, zero, zero, zero, zero, zero, zero, zero, zero)

That's how many fucks I give
