

Time Ticking (feat. Bobby Shmurda & Rowdy Rebel)

Juelz Santana & Dave East

We just getting to the money, why they hating?
This a real nigga celebration
Getting to this paper, getting to this paper
Shitting on a hater, shitting on a hater
We just getting to this money, why they hating?
This a real nigga celebration
Getting to this paper, getting to this paper
Shitting on a hater, shitting on a hater
I'm a boss nigga so I need a boss bitch
G5 to Dubai, that's a boss trip
Blew a couple mil, still up on that Forbes List
Skydweller on the watch, that's a boss wrist
Time ticking nigga, where my money at?
Time ticking nigga, where my money at?
Time ticking nigga, where my money at?
Time ticking nigga, where my money at?
Time ticking, gotta get it, where that money at?
You know if I front you that I need that money back (ASAP)
You know how I'm coming if I got to come for that
Double back, yeah somebody body getting mummy wrapped
I come from hanging heads and the bundle stacked
Fell in love with flipping grams and what come with that
Y'all in love with Instagram and them double taps
Finger on the trigger, you won't like it when I double tap
I'm Rowdy Rebel, I got more stones than Barney Rubble
Boss bitch and that pussy tastes like Fruity Pebbles
Forbes List how we get it cause we never settle
For them bands, make 'em rock and roll with this heavy metal
New levels, new devils, flooded all the bezels
The plot thickens, time ticking but my Rollie don't
In the Rolls blowing smoke 'til I catch the holy ghost
Keep it close, this a celebration, real nigga toast
I'm a boss nigga so I need a boss bitch
G5 to Dubai, that's a boss trip
Blew a couple mil, still up on that Forbes List
Skydweller on the watch, that's a boss wrist
Time ticking nigga, where my money at?
Time ticking nigga, where my money at?
Time ticking nigga, where my money at?
Time ticking nigga, where my money at?

Time ticking, this 40 will have your spine shifting
I'm used to fathering niggas so I don't mind children
I was in and out of court, I had LeBron vision
Came a long way from that lo mien and that orange chicken
Free Rowdy, free Bobby, all my niggas 'bout it
Inside the foreign cloudy, all I know is count it
I got my city bouncin', they lovin' my aura
Ain't hard to tell I'm from the border, started with quarters
I was 19, we was tryna get it on the night scene
Visions of that white beam, NBA pipe dreams
Dropped out of college, now I get the coupe drop
Coke was in my tube sock, right in Pooh spot
I'm a boss nigga so I need a boss bitch
G5 to Dubai, that's a boss trip
Blew a couple mil, still up on that Forbes List
Skydweller on the watch, that's a boss wrist
Time ticking nigga, where my money at?
Time ticking nigga, where my money at?
Time ticking nigga, where my money at?
Time ticking nigga, where my money at? If I ain't picking up I'm probably getting head
If she ain't picking up she probably giving head
Stay with this fully loaded nine and a hot vixen
Drop top, getting top in it
Colorblind hoodie off white
Jacket and and denim
Niggas know I'm flier than 'em, they admiring 'em
Fendi monster, I think I'm frightening 'em
Fear Of God, they fear the god, I'm Christ to 'em Oriental women, oriental coke
Oriental denim, oriental dope
Japan tricks, I'm sipping, making my man sick
I'm a boss, kidnap 'em and set the ransom
I fly up in these spots, they say I'm handsome now
Used to be all gooned up, we probably dancing now
This that light too bright, ma put your camera down
I be with Drama and Cannon out in Atlanta now
I'm a boss nigga so I need a boss bitch
G5 to Dubai, that's a boss trip
Blew a couple mil, still up on that Forbes List
Skydweller on the watch, that's a boss wrist
Time ticking nigga, where my money at?
Time ticking nigga, where my money at?
Time ticking nigga, where my money at?
Time ticking nigga, where my money at?
