

Ledges

Noah Gundersen

I got a lot of loose ends
I've done some damage
I've cut the rope so it frayed
And I've got a lot of good friends
Keeping me distracted
Keeping my sanity safe Here I stand on the edge of the ledges I've made
Looking for a steady hand
Here I stand in a land full of rocks in the valleys
Trying to be a better man for you But I drink a little too much
It makes me nervous
I've got my grandfather's blood
And I take a little too much
Without giving back
If blessed are the meek then I'm cursed
Here I stand on the edge of the ledges I've made
Looking for a steady hand
Here I stand in a land full of rocks in the valleys
Trying to be a better man for you I wanna learn how to love
Not just the feeling
There are the consequences
I wanna learn how to love
And give it all back
Forgive me all that I've done Here I stand on the edge of the ledges I've made
Looking for a steady hand
Here I stand in a land full of rocks in the valleys
Trying to be a better man for you
Oh, here I stand on the edge of the ledges I've made
Looking for a steady hand
Oh, here I stand in a land full of rocks in the valleys
Trying to be a better man for you
