

# Slaughter

Billy Preston

Slaughter's going to blow your mind  
Slaughter does not waste his time  
My advice to you is this  
If you shoot at him you better not miss  
Slaughter's big, bad, black and bold  
The brother has a lot of soul  
Don't you make him mean and cross  
'Cause he'll show you who's the boss  
Slaughter  
Slaughter come to blow your mind  
Slaughter does not waste his time  
My advice to you is this  
If you shoot at him, brother  
You better not miss  
Slaughter is big, bad, black and bold  
The brother has a whole lot of soul  
Don't you make him mean and cross  
'Cause he will show you who's the boss  
Slaughter Yeah, Slaughter  
Yeah, Slaughter
