

# Marquee Moon

## Television

I remember how the darkness doubled  
I recall, lightning struck itself  
I was listening, listening to the rain  
I was hearing, hearing something else  
Life in the hive puckered up my night  
The kiss of death, the embrace of life  
There I stand 'neath the Marquee Moon  
Just waiting  
I spoke to a man down at the tracks  
And I asked him how he don't go mad  
He said "Look here junior, don't you be so happy  
And for Heaven's sake, don't you be so sad"  
Life in the hive puckered up my night  
The kiss of death, the embrace of life  
There I stand 'neath the Marquee Moon  
Hesitating  
Well a Cadillac, it pulled out of the graveyard  
Pulled up to me, all they said, "Get in"  
Then the Cadillac, it pattered back into the graveyard  
Me, I got out again  
Life in the hive puckered up my night  
The kiss of death, the embrace of life  
There I stand 'neath the Marquee Moon  
I ain't waiting  
I remember how the darkness doubled  
I recall, lightning struck itself  
I was listening, listening to the rain  
I was hearing, hearing something else
