

I'm Reminded

Fred Hammond

That is the question on the floor(What you gonna do with the cross)
What you gonna do with it, what you gonna do with it(What you gonna do with the cross)
I said that is the question on the floor(What you gonna do with the cross)
Let it remind you, Let it remind youThere are some times in our lives dark clouds roll in to
bring us sorrow, And our eyes filled with tears makes it so hard to see tomorrowThere are some
life moments that set us back, that hinder and render us way off track, but we find the victory in
your Word, and our hearts can smile againI'm reminded how much you care for me

I'm reminded how much you've done for me Oh Lord
When I think just what you've done on Calvary
I am reminded of your Love

Vamp: (What you gonna do with the cross) x2Ooh, When our hope has been broken, and our
faith wants to fade like a flower, it's your redeeming love and it's your resurrection powerThat
gently reminds us that you are here, and your perfect love casts away all fear, and there in your
presence our joy returns and it is full, full and complete.I'm reminded how much you care for
me

I'm reminded how much you've done for me Oh Lord
When I think just what you've done on Calvary

I am reminded, I am reminded of your Love Vamp: Ooh, what you gonna do with the cross.
(Yeah)

What you gonna do with the cross (Yeah)
What you gonna do with the cross (Yeah)
What you gonna do with it, what you gonna do with it
What you gonna with the cross (Yeah)
What you gonna do with it, what you gonna do with it (Yeah)

Let it remind you, let it remind you (Yeah)Your unfailing love always reminds us that you paid
it all, and now we cry redeemed (redeemed), redeemed (redeemed), redeemed (redeemed),
redeemed (redeemed)

Lead: It was your love (It was your love)
That lifted me (It was your love)
When nothing else could help (It was your love)
You met my need (It was your love)
All around me (It was your love)
Was sinking sand (It was your love)
But you still reached out (It was your love)
With your loving hand (It was your love)
Yes you did (It was your love)
Oh I know it was (Your blood)
I know it was the blood (Your blood)
That cleansing flood (Your blood)
From Emmanuel's veins (The Blood)
What can wash (the Blood)
Away my sins (the Blood)

Nothing but the Blood (Your blood)
The Blood of Jesus ya'll (the Blood)
Yes you took that cross (the Cross)
Set it on your back (the Cross)
You marched up that hill (the Cross)
And you didn't look back (the Cross)
Oh nailed your hands and feet (the Cross)
And they pierced your side (the Cross)
Because you so loved the world (the Cross)
You hung your head and died (the Cross) Oh what you gonna do with the cross
Tell me, what you gonna do with the cross
Tell me, what you gonna with it, what you gonna do with it
Oh what you gonna do with the cross
Tell me, (Let it remind you) Let it remind you
What you gonna do with the cross
(What you gonna do with it) What you gonna do with it
Yeah Lead: Calvary (It was Calvary)
It was Calvary (It was Calvary)
Oooh (It was Calvary)
If I forget my name (It was Calvary)
Let me remember (It was Calvary)
It was Calvary yeah (It was Calvary)
Calvary (It was Calvary)
You didn't have to die (It was Calvary)
But you did it anyway (It was Calvary)
Oh it was Calvary (It was Calvary)
Calvary (It was Calvary)
If I gain any praise (It was Calvary)
Let it go to Calvary yeah (It was Calvary)
Let it go to Calvary yeah (It was Calvary)
Calvary, Oh (It was Calvary)
To God be the Glory (Let it remind you)
To God be the Glory (Let it remind you)
What you gonna do with the cross
Let it remind you, Let it remind you
What you gonna do with the cross
Let it remind you, Let it remind you
What you gonna do with the cross
What you gonna do with it
