Jody Highroller  
Ya neva get a chance to break my heart, safely locked away  
But now we got 1000 bills to pay, wouldn't talk to me yesterday  
But ya neva get a chance to break my heart, safely locked away  
But now we got 1000 bills to pay, should have talked to me yesterday I shoulda known betta, I  
shoulda known  
From the day ya tried unlock my phone  
Where yo ass? It takes from Simone  
Some random chick, gyal, come on!  
And anytime you see me ya know it's drama drama drama  
And anytime me see you, ya know me say it's comma comma comma  
I be ya check mi Insta on the low  
And yo decks, they need to grow  
Mi not have time fo' you, baby  
See, you, mi why ya know  
Ya neva get a chance to break my heart, safely locked away  
But now we got 1000 bills to pay, wouldn't talk to me yesterday  
But ya neva get a chance to break my heart, safely locked away  
But now we got 1000 bills to pay, should have talked to me yesterday Yesterday, and I don't  
even miss illegal  
Get ta know ya, hear mi name a lot  
Damn it, I'm so sick of it  
My girl, ya couldn't handle it, all way till the tickle bit  
God, I know ya feel away when ya think of it  
But I'm chillin' ova seas with da cool breeze  
And a drink in mi hand with the minor tease  
Ya ova there, beggin' me please  
I'm ova here nothin' more than the trees  
And I've been workin', I've been grindin' so long  
Oh nananana  
Ya missed yo chance, now baby yesterday's gone  
Oh nanana  
So you can stop the day I got my heart safely locked away  
Ya neva get a chance to break my heart, safely locked away  
But now we got 1000 bills to pay, wouldn't talk to me yesterday  
But ya neva get a chance to break my heart, safely locked away  
But now we got 1000 bills to pay, should have talked to me yesterday How do you do and how  
do ya feel?  
You've got to walk the walk up the hill  
I'm so fo'real, you know the deal

Real whip the deal, time will prevail  
Heartbreaks, new love, both times it's what you bust  
Good times is what I like  
And that's why I luv my life  
See, everyday I wake up and I'm feelin' brand new  
Cuz I'm livin' my life without you  
So you can stop the day I got my heart safely locked away  
Ya neva get a chance to break my heart, safely locked away  
But now we got 1000 bills to pay, wouldn't talk to me yesterday  
But ya neva get a chance to break my heart, safely locked away  
But now we got 1000 bills to pay, should have talked to me yesterday
