

# Stutter

## Joe

B-b-baby don't go  
B-b-baby don't go  
B-b-baby don't go  
I need you Talk to me, tell me  
Where you were  
Late last night  
You told me,  
You were with your friends,  
Hanging out  
Late last night  
You're lying, cause you're stuttering  
Now where were you, late last night  
Stop lying to me,  
Cause you're ticking me off,  
See you're ticking me off  
Ooh girl  
I can tell you're lying,  
Because when you're replying,  
Stutter, stutters, stutter, stutters  
I can tell you're lying,  
Because when you're replying,  
Stutter, stutters, stutter, stutters  
I can tell you're lying,  
Because when you're replying,  
Stutter, stutters, stutter, stutters  
I can tell you're lying,  
Because when you're replying,  
Stutter, stutters, stutter, stutters  
I called you,  
On your cell phone,  
No answer  
(tell me why)  
So I paged you,  
On your two-way,  
Still no response  
(tell me why)  
I took care of you,  
I loved you,  
And you played me  
(tell me why)  
Stop lying to me  
About where you been,

Stutter, stutters, stutter, stutters  
I can tell you're lying,  
Because when you're replying,  
Stutter, stutters, stutter, stutters  
I can tell you're lying,  
Because when you're replying,  
Stutter, stutters, stutter, stutters
