

Head to the Sky

Maysa

Keep your head to the sky
Keep your head to the sky Master told me one day
I'd find peace in every way
But in search for the clue
Wrong things, I was bound to do Keep my head to the sky
For the cloud to tell me why
As I grew, oh, in strength
Master kept me as I repent And He said
? Keep your head to the sky?
He said
? Keep your head to the sky?
He gave me the will to be free
Purpose to live His reality
And I found myself never alone
Changes came to make me strong He said "Maysa, be all you can
'Cause you need faith in your life to understand"
So we're saying for you to hear
Keep your head and face that what's fear Keep your head to the sky
Keep your head to the sky Keep your head to the sky
And the clouds will tell you why
The clouds will tell you why
I said, keep your head to the sky
And the clouds will tell you why every time
Told you why now
Keep your head to the sky
And the clouds will tell you why
The clouds will tell you why
I said, keep your head to the sky
And the clouds will tell you why every time
You're free and beautiful to me Keep your head to the sky
Keep your head to the sky
Keep your head to the sky
Keep your head to the sky Father, please bless me today
And expand my territory
With Your hand to guide me
Keep me from evil
And causing anyone any pain, amen
