Head to the Sky

Maysa

Keep your head to the sky
Keep your head to the skyMaster told me one day
I'd find peace in every way
But in search for the clue
Wrong things, I was bound to doKeep my head to the sky
For the cloud to tell me why
As I grew, oh, in strength
Master kept me as I repentAnd He said
? Keep your head to the sky?

He said

? Keep your head to the sky? He gave me the will to be free Purpose to live His reality And I found myself never alone

Changes came to make me strongHe said "Maysa, be all you can 'Cause you need faith in your life to understand"

So we're saying for you to hear

Keep your head and face that what's fearKeep your head to the sky Keep your head to the skyKeep your head to the sky

And the clouds will tell you why
The clouds will tell you why
I said, keep your head to the sky
And the clouds will tell you why every time

Told you why now

Keep your head to the sky

And the clouds will tell you why

The clouds will tell you why

I said, keep your head to the sky

And the clouds will tell you why every time

You're free and beautiful to meKeep your head to the sky

Keep your head to the sky

Keep your head to the sky

Keep your head to the skyFather, please bless me today

And expand my territory

With Your hand to guide me

Keep me from evil

And causing anyone any pain, amen
