

All This Time

Joe Jonas

I know you've been hurt before
But never say never, baby
Slow down, don't close the door
You've been waitin' forever, baby
See I know your heart's been scarred
But you've come this far
So baby don't run away
I, I know you're close to giving up
I just wanna give your love
And try to keep a smile on your face
So open your eyes and see
That we belong together, baby
You'll be surprised to find that things can be much better
I want to take you to a place
Where love is something more than you imagined, yeah
I put it right in your face
Girl, it's yours
All you gotta do is reach out and grab it
You waited all this time
You waited all this time
I put it right in your face
Girl, it's yours
All you gotta do is reach out and grab it
You played your cards
He left you with a broken heart
Baby, I'd never, I'd treat you like treasure
It's not your fault
I know you took it hard
That was his mistake
For us it's never too late
You can't live your life in fear
I know it's hard to move on
You've just got to forget it
Cause baby, the sky is clear
The rain is gone, the sun is shining
I want to take you to a place
Where love is something more than you imagine, yeah
I put it right in your face
Girl, it's yours
All you gotta do is reach out and grab it
You waited all this time
You waited all this time
I put it right in your face
Girl, it's yours
All you gotta do is reach out and grab it
Time to get up girl and take a chance, yeah
There's nothing to be scared of
Just grab my open hand
If you need someone by your side
With the love inside
Night or day, I'll be there
You know I will
Cause I ...
I want to take you to a place
Where love is something more than you imagine, yeah

I put it right in your face
Girl, it's yours
All you gotta do is reach out and grab it.
You waited all this time
You waited all this time
I put it right in your face
Girl, it's yours
All you gotta do is reach out and grab it
