

# Freight Train

Nitro

They tell me what t'do, they tell me what t'say  
They try t'tell me how t'live my life  
Each-n-everyday they're walkin' over me  
Gotta let go, gotta set me free They don't care what's wrong or what's right or what's fair Watch  
out world, ready or not  
I'm like a Freight Train comin'  
Full speed ahead I'll C U at the top-TOP I'm like a freight train. I'm like a freight train comin'  
Watch out world, ready or not  
I'm like a F.T. comin'  
Full speed ahead I'll C U at the top-TOP They tell me what is wrong, they tell me what is right  
They turn around the truth, then tell me not 2 (LIE)  
Never turnin' back I'm goin' 4 it all or nothin'  
I won't ever fall
