

Bloodstain (feat. Alice Temple)

UNKLE

Alice Temple:
They say if you took it all away
This love would fall apart
I say, no way
You don't know the size of my heart. Vicious, suspicious
It doesn't matter what I say
Users and losers
There's nothing here to make me stay. Bloodstain on a blue vein
Take it with no shame
Love tracks on a loose train
Bloodstain
No gain with no pain
My scars are deeper than you think
Tie me, try me
One more time before I sink. Big lies, big times
This love is not what we're about
It's too late, and I'm too straight
It's time to blow this fire out. Bloodstain on a blue vein
Take it with no shame
Love tracks on a loose train
Bloodstain on a blue vein Take me softly
I'm going crazy for your touch. Bloodstain on a blue vein
(Blue... blood, blue... blood, blue... blood)
Take it with no shame
(No... take, no... take, no... take)
Be Be K Roche sample:
I'm alone
And dissatisfied
And someone else is alone
And dissatisfied Boba Fett Sample:
You are alone?
