

Broken Stars

Silverstein

Shooting daggers at me
Letting it be known you're not impressed
I never fail at failing all your tests
Don't be so proud,
'Cause you're still so scared to be alone
You can't change your mind You won't embrace this
But you'll accept this
You can't let go Broken stars,
By a single shattered mirror
Seven years of trust
I know you'll never change for anyone
A cold heart never lusts
My mind's made up
And I would know I'd do the right thing
Get up and stand tall!
My mind's made up
Why I'm scared I won't be able
To get up when I fall We cast a single shadow for so long now
It's so hard to see the sun at all (the sun at all)
But you need light to see
the writing on the wall My mind's made up
And I would know I'd do the right thing
Get up and stand tall!
My mind's made up
Why I'm scared I won't be able
To get up when I fall...
...into the hole I've made
I'll place myself alone
I'll find the strength within myself
To climb out on my own, own! My mind's made up (made up)
And I'll know I'd do the right thing
Get up and stand tall!
My mind's made up (made up)
Why I'm scared I won't be able
To get up when I fall Yeah! These broken stars
Should be put back in the sky
I still can feel your scars!
I won't, I won't let you die!
We won't, we won't fade away!
And now, right now,
save this lonely place!
