

# Loke

## Enslaved

Laughter echoes through the night  
The evening star shines over Midgard  
Evil mingles in the dark  
The organised cosmos' enemy comes forth  
Loke, the son of Fǫrbaute. father of lies  
Born of earth, unbound by laws  
Takk weeps no heavy tears  
For the loss of the sun's handsome son  
But the mare in the woods submits  
For the regaining of Foster brother's favour  
Loke, the son of Fǫrbaute. father of lies  
Born of earth, unbound by laws  
The salmon glides in the waterfall  
The eagle sails with the wind  
Hammer groans in Jotun skull  
The under ground spurts fire  
Laughter, deceit, beauty and contempt  
The old norse god's protector and leader of Jotuns
