

Do or Die

Dropkick Murphys

The once steel tough fabric of a Union man Was sold and Bartered away
Fed to money wolves in the Reagen years, Caught in a drift in greedy nintetie's days
So inside this song is our rally crychorus: Your dreams are in danger, and "We Must Rise"
Our time has come we are under the gun "It's Do or Die"Its not a rebel cry of some socialist
Scheme to push for human rights
Just the facts an obvious mentioned on the
Behalf of the working man, for his family and his livelihoodchorus:The once steel tough fabric
of the union man was sold and bartered away
Fed to money wolves in the Reagen years,
Caught adrift in greedy nineties days
