

Portland, Oregon (feat. Jack White)

Loretta Lynn

Well, Portland Oregon and sloe gin fizz
If that ain't love then tell me what is, aha aha
Well, I lost my heart, it didn't take no time
That ain't all, I lost my mind in Oregon
In a booth in the corner with the lights down low
I was movin' in fast, she was takin' it slow, aha aha
Well, I looked at him and caught him lookin' at me
I knew right then we were playin' free in Oregon
Next day we knew last night got drunk
But we loved enough for the both of us, aha aha
In the morning when the night had sobered up
It was much too late for the both of us in Oregon
Well, sloe gin fizz works mighty fast
When you drink it by the pitcher and not by the glass, aha aha
Hey, bartender before you close
Pour us one more drink and a pitcher to go
And a pitcher to go
And a pitcher to go
And a pitcher to go
