

# Princess Things

## The Cast of Sofia the First

Amber: There are many things princesses do,  
Like hosting balls and dancing too  
Or wearing gowns of pink and blue  
That's what we like to do  
Hugo: There are many things that princes like,  
Jousting polo and taking hikes  
Suits of armor with lots of spikes  
That's what we really like  
Princesses: We do princess things  
Princes: And we do princely things  
All: And no-one crosses in between  
We stick with our routine  
Sofia: But who knows what I could bring,  
Flying high upon a wing?  
I believe that anything  
Can be a princess thing  
Amber: Read a poem  
Hildegard: Or pick daffodils  
Amber: Sing wistfully in window sills  
Sir Gilliam: Derby calls for princely skills  
Amber: It's not a proper princess kind of thrill  
Princesses: We do princess things  
Princes: And we do princely things  
All: And no-one crosses in between  
We stick with our routine  
Prince Hugo: We climb trees and jump and swing  
Princesses: While we shop for royal bling  
Amber: So don't make a fuss, just stick with us!  
And do our princess things  
Sofia: But who knows what I could bring,  
Flying high upon a wing?  
I believe that anything  
Can be... a...princess... thing
