

Fear Less

Nick Murphy

Somehow you know
That something's gotta go
You were scared to be yourself
For no reason
Underwater
Fisherman's daughter
From the attic
Problematic
Given no reason
Uninvited
Don't be frightened
Once it's started
Become departed
Board the line up
Or set the fire
[?] fear less
[?] fear less
Fear less, fear less, fear less
Don't be frightened
Once it's started
Become departed
Board the line up
Or set the fire
