

# Don't Forget Where You Belong

## One Direction

Been a lot of places  
I've been all around the world  
Seen a lot of faces  
Never knowing where I was On the horizon  
Well I know, I know, I know, I know  
The sun will be rising back home Living out of cases  
Ain't packing up and taking off  
Made a lot of changes  
But not forgetting who I was On the horizon  
Well I know, I know, I know, I know  
The moon will be rising back home  
Don't forget where you belong, home  
Don't forget where you belong, home  
If you ever feel alone, don't  
You were never on your own  
And the proof is in this song I've been away for ages  
But I got everything I need  
I'm flicking through the pages  
I've written in my memory I feel like I'm dreaming  
Oh, so I know, I know, I know, I know  
That I'm never leaving, no, I won't go Don't forget where you belong, home  
Don't forget where you belong, home  
If you ever feel alone, don't  
You were never on your own  
And the proof is in this song  
Lights up and they should be on  
Even stars in the skies, they're wrong  
Short days when the nights are long  
When I think of the days I've done  
Don't matter how far I've gone  
I'm always feeling like home Don't forget where you belong, home  
Don't forget where you belong (don't forget it), home  
If you ever feel alone, don't  
You were never on your own  
Never, never, never Don't forget where you belong, home  
Don't forget where you belong (don't forget it), home  
If you ever feel alone, don't  
You were never on your own (you were never)  
And the proof is in this song Home  
Don't forget it  
Home  
If you ever feel alone, don't

You were never on your own (you were never)  
And the proof is in this song Never forget it, this song  
Don't forget it  
No one ever forget it, this song  
You were never
