We ain't tryna take no losses, we don't deal with fake shit often

I ain't after go to college, taught my self and now I'm balling

Like the summer I went out to New Orleans and came back bossing

And if a nigga play me we gone toss 'em

I don't touch 'em, I just got to make call
They waiting for me to fall but that ain't bout to happen
They playing tough but they ain't saying much about the captain

My niggas bout that action

You [???] your bitch heard about the thing I'm packing

I don't care about no fashion, I'm a writer not a rapper

No day moving past us, niggas moving backwards

I ain't worried bout the pussy I'm just wondering where the cash is

I just do it different, I just made my cake the fastest

If a nigga tripping get a thing and then we blast it

I just rolled some weed and fucked your bitch, thats why I'm laughing

It's young Wiz, Taylor GangStarted off with nothing, now I'm bossed up

Started in the gutter now I'm bossed up

Got it out the mud now I'm flossed up

Yeah, all my niggas good, yeah they sauced up

Bossed up, nigga, I done bossed up

Bossed up, nigga, I done bossed up

I'm bossed up, you don't wanna cross us

Bossed up, all my niggas sauced upI might be that nigga that might run your label

I might be that nigga put food on your table

I might bee that nigga that you see on cable

But I'm bossed up so my young nigga might pay you

The devil working on me so I'm prayed up

Them niggas went to bed so I stayed up

How many times I gotta tell you I'm a player

King of my city, I might run for mayor

Mafia yeah that's that new mafia

Niggas see you shining so they copy ya

Now they all sitting round plotting on stopping ya

But that's when all them bodies popping up

I got a dope bitch, she be on some dope shit

Your bitch on some hoe shit, she just want the dope dick

Coke in her veins now she wanna fuck the whole clique

She gone bust it open, she say she can take the whole dickStarted off with nothing, now I'm

Got it out the mud now I'm flossed up

Yeah, all my niggas good, yeah they sauced up

Bossed up, nigga, I done bossed up

Bossed up, nigga, I done bossed up

I'm bossed up, you don't wanna cross us (cross us)

Bossed up, all my niggas sauced upAll my niggas sauced up
