

# Golden

## Chrisette Michele

Take me back in the day when loving was pure  
Love ain't going away, love is always secure  
Life's not always perfect but love's always forever  
Lets let true love connect lets try lasting together I'm so ready to love, I'm so ready to promise  
my all  
I'm so ready to give til' the day that my life is no more  
I'll be everything that this woman can possibly be  
Cause I'm ready to be like the olden days when commitment was golden Be the man of my  
dreams and get down on one knee, Love  
Say you'll be all I need and then ask me to marry you, my love  
Let's take two golden bands and lets walk down the isle, Love  
I'll say I do and you'll say I do, make a golden commitment, oh  
I'm so ready to love, I'm so ready to promise my all  
And I'm so ready to give till the day that my life is no more  
I'll be everything that this woman could possibly be, yes I will  
Cause I'm ready to be like the olden days when commitment was golden Let's last forever (let's  
last forever)  
No typical american shady love  
Let's stay together (let's stay together)  
Pray God smile upon our everlasting love I'm so ready to love, I'm so ready to promise my  
whole all  
And I'm so ready to give till the day that my life is no more  
I'll be everything that this woman could possibly be, yes I will  
Cause I'm ready to be like the olden days when commitment was golden I'm so ready to love,  
I'm so ready to promise my all, yeah  
And I'm so ready to give till the day that my life is no more  
I'll be everything that this woman could possibly be  
Cause I'm ready to be like the olden days when commitment was golden  
Golden  
Golden Golden  
Golden love  
Cause commitment is golden
